SAFETY NOTICE

SAN DOZ ONDANSETRON ORALLY DISINTEGRATING TABLETS

Sandoz Inc. has determined that blister packs of Ondansetron (ODT), 4 mg strength (30 ct Tablets) and 8 mg (10 ct and 30 ct Tablets) distributed in the U.S. are not child-resistant, posing a risk of harm if the tablets are swallowed by children.

These products are voluntarily recalled for corrective action because the blister packs are not child-resistant.

There are no quality or safety issues with the medication itself for its intended use.

This notification applies to all lots of the following NDC numbers of Sandoz Ondansetron ODT blister packs listed at www.us.sandoz.com/patients-customers/product-safety-notices

What do patients need to do?

1. Immediately secure this medicine so that it is out of the sight and reach of children.
2. Continue taking your medicine as prescribed, as there are no safety or quality issues with the medicine itself.
3. Please contact Sandoz at 888-NOW-NOVA (888-669-6682) for important information on corrective action for your Ondanestrone ODT blister packs.

We appreciate your immediate attention and cooperation and apologize for this situation.

Please report any adverse events by calling Sandoz at 888-NOW-NOVA (888-669-6682) or by emailing Sandoz at qa.drugsafety@sandoz.com. Adverse events can also be reported to FDA online at www.fda.gov/medwatch/report.htm.
